## LOCAL DEPARTMENT.

Wednesday, March 6, 1867.

**W.** Wirt, Esq., has removed his law office to the DEMOCRAT building in Shive's Block.

**An Odd Match.**—We heard yesterday of a young man in this city, who is but twenty years of age, being married a few days ago to a lady only sixty-one years old. A gay couple, that.—*Wheling Register.*

**President Johnson has issued a proclamation recognizing Nebraska as a State. If they so hot desire to write a communication for the public eye, let them send us a brief statement of everything of interest in their respective communities. A list of marriages, deaths, accidents, fires, removals, losses, &c. We will put them in form. The more facts of this kind we can get the better it will be for all and readers. Who will do it?**

To ADVERTISERS.—Persons wishing advertisements inserted, must bind them in early on Thursday morning to insure their insertion for that week.

**Hon. Frank W. Headman, Member of the State Legislature from Bucks County, has our thanks for favors.**

**Hon. G. D. Jackson of the Senate, and Hon. Thomas Cleffant of the House, will please accept our thanks for Legislative documents.**

**George H. Brown, formerly of the "Exchange," has taken possession of the "Rupert House," which property he purchased not long since.**

**To POSTMASTERS.—Postmasters throughout the County who take special care to regard the circulation of the DEMOCRAT in obedience to the book of the Loyal League, will please take notice that we intend to prosecute every individual who thus outrages common civility and decency after this date.**

**HON. CHARLES R. BUCKALEY has our thanks for a copy of his remarks, printed in pamphlet form, in the Senate on the 16th, 17th and 20th, on the bill to provide for the more efficient government of the insurrectionary States.**

**The large circulation of the DEMOCRAT in the County, and the attractive appearance of the paper, has made it a medium for advertising of more than ordinary importance, hence the crowded state of our column.**

**An exchange says the printing paper has come down so as to affect the price per yearly subscriber to the amount of about one-fourth of a cent. We will make the reduction for such of our advance subscribers as can make the change.**

**THE FISH Movement.—In accordance with an Act of the Legislature improvements are being made in the introduction of shrimps into the dams of the Susquehanna river for the passage of shad. It is anticipated that the movement will prove a success.**

**Col. Levi L. Tate returned from the cities of New York and Philadelphia on Monday last where he has been purchasing a Printing Press and materials to print a newspaper in the city of Williamsport, to commence between this and the first of April next.**

**E. W. Wykkoop & Co. will commence their Spring Term of Select School on Monday the 8th day of April next. They are good teachers and keep a first-rate school. For information as to terms, &c., we would refer the reader to their advertisement in to-day's DEMOCRAT.**

**The editor of the *Republican* tells his readers that a correspondent has written to him for his photograph, "to put in an album!" Wonder if the fellow didn't make a mistake? An eccentric individual at our elbow thinks that the correspondent must have wanted the Doctor's "Phiz" to grace the *political* rogue's gallery.**

**We understand that a movement is on foot to divide the Township of Briar Creek, but to what extent it has traveled we have not learned. Last winter petitions looking to that object were sent to Harrisburg. The feeling of the people in that locality should be obeyed in the matter.**

**Norman Hendershot opened up, at this place, on Monday last, one of the first Living Stores in the country. It is not surpassed in our large cities in neatness of arrangement or in quality of drugs. It is really a useful as well as an ornamental addition to our town.**

**SPECIAL NOTICES.** **WONDERFUL BUT TRUE.**

**MADAME REMINGTON, the world renowned Astrologist and Somnambulist; Chairwoman, while in a chair, states delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotograph, guarantees to produce a perfect and lifelike picture of the future husband or wife of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug; as thousands of testimonials can attest. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair and stating place of birth, name, disposition, complexion, and enduring fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence, MADAME E. P. THORNTON, P. O. Box 223, Hudson, N. Y.**

**DR. SCHENCK'S MANDRAKE PILLS.** **A Substitute for Catomel.**

**Roofing.—Our friend and former townsmen, Col. A. H. Brown, has just completed a job of the roofing on the new Literary Institute, at this place, in a substantial and workman-like manner. This was quite an extensive and difficult piece of work to perform. The Superintendent of this building was fortunate in procuring so competent a person as Mr. B. to execute the job. The thin-work we speak of is around the observatory, on its top, on the porticos, and water troughs; and is put down with a fine finish. Those having large jobs of this kind would do well to give Mr. B. a call at Danville, Pa.**

**The Maple Sugar season has commenced. Considerable quantities may be manufactured, but in consequence of the high price of other sugars, the maple will command a fair price. Our friends who are engaged in the business of producing the home article should reap a rich harvest.**

**The Hardware Store of C. W. Snyder is a complete success. He has added to his stock of goods, and his assortment is now nearly complete. From time to time as the wants of the community develop themselves he will increase his stock. The people of Columbia County may now congratulate themselves on having a genuine Hardware Store.**

**THANK YOU, GENTLEMEN.—Within the past week quite a number have renewed their subscriptions to this DEMOCRAT for another year, and bid us God speed. We hope all will do so, and in addition endeavor to increase our already large list. It is a small sum for each one, but in the aggregate makes a material support to us. That's right, gentlemen, stand by us, and we will stand by you in the future as we have in the past. Send in your names and money.**

**CHEASY & JOHNS. Merchants in Catskill, advertise their extensive stock of goods in this week's DEMOCRAT. They are determined not to be surpassed by any dealers in that place in quantity, quality or cheapness. They have a carefully selected stock of goods for the spring trade, and take delight in showing up their goods, as well as selling them to their customers at low rates. They also have one of the finest store rooms in this county. Give them a call.**

**Dr. John S. Steiner & Sons will continue the brick-making at their yard during the coming summer upon a more extensive scale than heretofore. They have purchased a patent moulding machine that is competent to turn off brick equal to some half dozen or more hands, and in a good, workman-like style. This will enable them to furnish rock to those wishing the article at a reduced rate. They have some of the best clay in a country and plenty of it.**

**TO LADIES.** **If you require a reliable remedy to restore you and remove Irregularities or Obstructions, why not use the best? Thirty years' experience has proved that DR. HARVEY'S EYE-WATER PILLS, have no equal for Removing Obstructions and Irritations. No matter from what cause they arise, they are easily removed, and cure in every case. Price, One Dollar, per box.**

**Dr. HARVEY'S GOLDEN PILLS.** **In a family four degrees stronger than the above, and intended for special cases of long standing. Price, Five Dollars per box.**

**A Ladies' Price Circular, with Engravings, sent on application.**

**If you cannot get the Pills of your druggist, send the money to Dr. J. Bryan, 10 Broad Street, New York, and they will be sent free from observation by return of mail. [Jan. 9, 1867.]**
